

Daniel's Heart was set up to remember Daniel Farrell, a little boy with huge chocolate brown eyes and a smile that could melt your heart. Much like any other little boy, Daniel loved kicking balls and playing with other children. From a very early age he showed a real zest for life, but unfortunately Daniel was taken from us far too soon. At only 15 months he died suddenly and unexpectedly of Hypertrophic Cardiomyopathy, a condition which causes a thickening of the heart muscle. Our life with Daniel was so wonderful that we wanted to do something special to honour his memory and all the love and joy he brought us.

The 2008 'Twelve Days of Christmas' collection of cards is a very special series designed and printed by colleagues and friends in the advertising/printing industry created to remember Daniel. The money raised will go to The Children's Sunshine Home in Leopardstown, to help build the first Children's Hospice for terminally ill children in Ireland.

Each card is unique and has been individually created by 12 talented designers who have all given their time and work for free. This is the second year we have produced the 'Twelve Days of Christmas' collection following overwhelming support in 2007. Your support is very much appreciated.

Do it for Daniel!

With thanks

John & Fiona Farrell
